

## Introducing: The YHS Academic Assistance Program

YHS is pleased to announce the launch of our Student Academic Assistance Program. The program will meet every Monday and Thursday that school is in session from 3:15-4:15 in the high school library. The program is for those students needing additional academic instruction or a quiet and educational study environment.

The fee-based program offers teacher assistance in the following academic areas: English; Math; Science; Spanish; or a Combination. Teachers will work on a 5:1 ratio. With tutoring running \$20-\$30 per hour, the AAP might be exactly what your student needs. Parents fill out the attached information/contact sheet and identify the academic area their student needs assistance. If your student needs assistance with more than one area listed, please select Combination and then identify those academic areas. Return the form to the front office or the library.

The fee-based program must be completely self-supporting. The fee for AAP is \$15/week with a minimum requirement of four consecutive school weeks for \$60. You may pay for more than 4 weeks. Your payments must be paid in advance. Parents may contact Mrs. Michele Winkle @ 759-2559 to pay by charge card or to send a check. Please make checks payable to Yorktown Community Schools and on the memo line write AAP.

With the mid-term quickly approaching, we would like to start AAP as soon as possible. We need five students registered in an academic area to begin. Please understand that AAP is a new program, and we realize there might be "glitches". However, we feel strongly about offering student assistance and will work to address any such "glitches".

A roster will be provided to the assisting teacher. I will contact you via email or phone if your student does not attend. However, attendance is the student's responsibility. Students should bring all needed materials and assignments to AAP. The YHS AAP is modeled on the middle school's Homework Help program which is in its sixth year.

Please feel free to contact me if you have any questions.

Mrs. Mary Watkins

AAP/HH Coordinator

Corporation Librarian
